

At our school...

We create a **culture** where belonging starts with **respect**.

We celebrate **difference** because it makes us stronger.

We design learning for **everyone**.

We trust our teachers and support them to **thrive**.

We listen, pause, and respond **thoughtfully**.

We shape lives and help all students reach their **potential together**.

We include every learner.

We foster a **strong, supportive community**.

We build **connections** and celebrate **diversity**.

Let's help shape an **inclusive school community** for all students.
