

At **our** school...

We create a **culture**
where belonging
starts with **respect**.

We ensure every student feels valued, seen and safe. Our words, actions, and environment foster a sense of belonging for all, so students can learn confidently alongside their peers.

We **celebrate**
difference because it
makes us stronger.

We embrace diversity in all its forms —
abilities, backgrounds, perspectives. We recognise
that learning alongside peers with different strengths
enriches everyone's experience.

We **include** every learner.

We plan and teach through an inclusive lens, using flexible approaches and supports. Together, we remove barriers so that all students can participate meaningfully in all aspects of school life.

We listen, pause,
and respond
thoughtfully.

We understand that behaviour is communication. We respond with care, empathy, and understanding to support students' emotional wellbeing and learning needs.

We design learning for **everyone**.

We use universal design principles and smart technology to adapt learning experiences for diverse learners. Supported by planning, collaboration, and resourcing, this process ensures all students can access and engage with the curriculum.

We **trust** our teachers and support them to **thrive**.

Our teachers are supported through resourcing, collaboration, and shared planning. Inclusive practice is strengthened and students succeed when teachers are supported by leadership, families, and specialists.

We foster a
strong, supportive
community.

We work together as a school –
students, teachers, and families – to create an
environment where everyone feels included,
safe, and empowered to participate.

We **shape** lives
and help all students
reach their **potential**
together.

We recognise every student's right to learn
alongside their peers, achieve personal growth,
and develop skills to thrive now and in the future.
